NAME: MILD IODINE 2% TINCTURE

SDS NO. 1213

1. CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

Product Name: Mild Iodine Tincture 2%

Synonyms: Strong Iodine 2%

Recommended Use: Helps prevent infection in minor cuts, scrapes and burns

Manufacturer by: Humco Holding Group, Inc.

7400 Alumax Dr
Texarkana TX 75501 USA
800-662-3435
cs@humco.com
www.humco.com

24-Hour Emergency Number (CHEMTREC)

USA- 800-424-9300

International – 703-527-3887

All non-emergency calls should be directed to Customer Service at 800-662-3435

2. HAZARD IDENTIFICATION

Pictogram:	
Classification:	Flammable liquid category 3, Acute toxicity: category 5
Signal Word:	Warning
Hazard Statements:	Flammable liquid and vapor. May be harmful if swallowed.

3. COMPOSITION / INGREDIENTS

CHEMICAL NAME	CAS#
ALCOHOL	64-17-5
IODINE	7553-56-2
SODIUM IODIDE	7681-82-5
PURIFIED WATER	7732-18-5

The exact percentage has been withheld as a trade secret

4. FIRST-AID MEASURES

ROUTE	COMMON SYMPTOMS	FIRST AID
Inhalation	Exposure to vapors may cause irritation to the nose, throat, and respiratory tract. Headache and drowsiness may occur.	Remove source of contamination or move victim to fresh air. If affected person is not breathing, apply artificial respiration. If breathing is difficult, give oxygen. Get medical attention.
Ingestion	Not determined	Do NOT induce vomiting unless directed to so by medical personnel. Never give anything by mouth to an unconscious person. Give milk then give a starch solution made by mixing of two tablespoonsful of cornstarch or flour to a pint of water. Get medical attention immediately.
Skin	Not determined	If irritation occurs, wash with disinfectant soap and water. Get medical attention.
Eyes	Irritation	Immediately flush eyes with plenty of water for at least 15 minutes. Seek medical attention.

5. FIRE-FIGHTING MEASURES

Flash Point:	24°C (76°F) - CLOSED CUP
Auto Ignition:	The lowest know value is 685.4 °F (Ethyl alcohol 200 proof)
Extinguishing Media:	Use methods appropriate for the surrounding fire. Consider water spray or fog, carbon dioxide, dry chemical powder, or alcohol resistant foam.
Products of Combustion:	Upon combustion this product, it may emit toxic gases including: carbon oxides, sodium oxides, iodine, and hydrogen iodide etc.
Fire Fighting Equipment and Procedures:	Wear protective clothing and equipment suitable for the surrounding fire, including helmet, facemask, and self-contained breathing apparatus. LARGE FIRE: Use alcohol foam, water spray or fog. Cool containing vessels with water get in order to prevent pressure build-up, auto-ignition or explosion.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions:	Read entire label before using and follow all label directions. Do not touch or walk through spilled material. Avoid breathing vapor or mist. Provide adequate ventilation. Wear appropriate respirator when ventilation is inadequate.
Environmental Precautions:	Prevent discharge to open waters.
Method of Containment:	Absorb spilled liquids in inert absorbent material such as clay, vermiculite or diatomaceous earth.
Method for Clean-Up:	Ventilate area of spill or leak. Pump liquid to salvage tank. Mop-up and containerize in approved chemical waste container. Wash spill area with water.

7. HANDLING AND STORAGE

Handling:	Avoid contact with skin and eyes. Avoid inhalation of vapor or mist. Stay away from ignition source. Do not take internally. Do not consume food, drink or smoke while handling this product. Keep away from oxidizing agents.
Storage:	Keep container tightly closed and in a dry, cool, and well ventilated place. Opened containers must be resealed and kept upright to prevent leakage. Keep away from all ignition source (sparks or flame).

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Engineering Controls:	Handle as per good industrial hygiene and safety practice. Use explosion proof ventilations as required to control vapor concentration. Ensure that eyewash station and safety showers are in adequate location.
Personal Protective Equipment (PPE)	
Eye/Face Protection:	Use safety glasses.
Skin Protection:	Handle with approved nitrile or rubber gloves.
Respiratory Protection	Do not use in very close spaces.
General Hygiene Considerations:	Wash hands after use.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance:	Reddish-brown liquid	Upper/Lower Flammability:	Not determined
Odor:	Characteristic Iodine and alcohol	Vapor Pressure (mmHg)	Not determined
Odor Threshold:	Not determined	Vapor Density (air = 1)	Not determined
pH:	Not determined	Relative Density (H₂O=1):	0.96

Melting point /Freezing Point:	Not determined	Solubility (in water):	Partly soluble
Boiling point/range:	Not determined	Partition coefficient: n-octanol/water:	Not determined
Flash point	24°C (76°F) - CLOSED CUP	Auto-ignition temperature	Not determined
Evaporation rate (butyl acetate = 1)	Not determined	Decomposition Temperature:	Not determined
Flammability:	Flammable	Viscosity	Not determined

10. STABILITY AND RACTIVITY

Reactivity:	Not reactive but may react with strong oxidizing agents.
Chemical Stability:	Stable under recommended storage conditions.
Possibility of Hazardous reactions:	Not determined.
Conditions to Avoid:	Heat, sparks, open flame.
Incompatible materials:	Oxidizing agents, slightly reactive to acids, alkalis.
Hazardous Decomposition Products:	CO, CO ₂ , Iodine, other hazardous gases and vapors.

11. TOXICOLOGICAL INFORMATION

Acute toxicity:	May be toxic upon ingestion due to the presence of large amount of alcohol.
Skin irritation:	May irritate the skin.
Eye contact damage:	Irritating to the eyes.
Respiratory damage:	May cause irritation to respiratory tract.
Ingestion overdose:	May affect CNS (restlessness, excitement, drowsiness, weakness, headache, unconscious etc.), may affect metabolism, blood, gastro system, liver. May affect urinary and cardiovascular systems.
Delayed, immediate, or chronic effects from short- and long-term exposure	Not determined
LD50	Not determined
Symptoms associated with exposure:	Not determined
Carcinogenicity:	
OSHA:	Not listed
NTP:	Not listed
IARC:	Not listed

12. ECOLOGICAL INFORMATION

Acute or chronic aquatic toxicity:	Not determined.
Chemical degradation:	Not determined.
Biodegradation:	Not determined.
Bioaccumulation potential	Not determined.
Adsorption studies or leaching studies:	Not determined.
Other adverse effects	Not determined.

13. DISPOSAL CONSIDERATIONS

Dispose in accordance with federal, state and local laws and regulations. Avoid release into environment.

14. TRANSPORT INFORMATION

DOT Hazard Classification:	Tinctures, Medicinal Flammable
UN number:	1293
UN proper shipping name:	Not available
Transport hazard class(es):	Not available
Packing group number:	Not available
Environmental hazards:	Not applicable
Special precautions:	Keep away from heat, sparks, and ignition sources.

15. REGULATORY INFORMATION

Not determined

16. OTHER INFORMATION

The information in this SDS is considered current and reliable. However, the data is provided without any warranty, expressed or implied, regarding its correctness or accuracy. Since the conditions for use, handling, storage and disposal are beyond Humco's control, it is the responsibility of the user to determine safe conditions for use and to assume liability for loss, damage, or expenses arising from improper use. No warranty expressed or implied regarding the product described herein will be created by or inferred from any statement or omission. Various agencies may have specific regulations concerning the transportation, handling, storage, use or disposal of this product which may not be reflected in the SDS. The user should review these regulations to ensure full compliance.
